The Kress Collection Catalogue From 1964 -1977, the Kress Foundation sponsored the publication of a scholarly Complete Catalogue of the Samuel H. Kress Collection, published on behalf of the Foundation.

Kress Foundation | The Kress Collection Catalogue

document collection items; they cover materials, production methods and descriptive terms. The glossaries

are intended to help cataloguers create meaningful catalogue records for each object by using standard terminology, which will aid any future centralisation of the catalogue.

The Small Museums Cataloguing Manual

ethics require that museum collections be documented. Documentation of collections. Museum collections should be documented according to accepted professional standards. Such documentation should include a full identification and description of each object, its associations, provenance, condition, treatment and present location.

Documentation of Museum Collections: Why? How? Practical Guide

Don't individually catalog the pieces of the collection. Further describe the collection at the series, file unit, and item level in the Archives Module, if recommended by the archival survey.

Chapter 3: Cataloging - National Park Service

The influence of French regal comes to life with unique scallop shaped pieces throughout the collection. A classic French look, with a chic twist depicting a hip, couture feel, the upholstered pieces in the

A catalog is a big list that you alphabetize so you can find stuff. You could write it on a piece of paper, but then it gets hard to add new items between existing items. You could write it on a piece of paper, but then it gets hard to add new items between existing items.

How to Catalog Your Stuff - Quick and Dirty Tips

Approximate size of the CC-licensed collection: 10 PDFFreeBooks.org is a small collection of free PDF books (public domain English classics, etc.) that I myself published and put for free download, along with several interesting free books I found across the internet.

Free PDF Books Collection - Creative Commons

In museums and archives, the collection of objects or material is normally catalogued in a collection catalog (or collections catalog). Traditionally this was done using a card index, but nowadays it is normally implemented using a computerized database (known as a collection database) and may even be made available online.
