

changing chinese masculinities from pdf

Masculinity (also called manhood or manliness) is a set of attributes, behaviors, and roles associated with boys and men. As a social construct, it is distinct from the definition of the male biological sex. Standards of manliness or masculinity vary across different cultures and historical periods. Both males and females can exhibit masculine traits and behavior.

Masculinity - Wikipedia

The lives of women in China have significantly changed throughout reforms in the late Qing Dynasty, the Republican period, the Chinese Civil War, and rise of the People's Republic of China, which had announced publicly on the commitment toward gender equality. Efforts the new Communist government made toward gender equality were met with resistance in the historically male-dominated Chinese ...
