Wikipedia's verifiability policy requires inline citations for any material challenged or likely to be challenged, and for all quotations, anywhere in article space.. A citation or reference in an article usually has two parts. In the first part, each section of text that is either based on, or quoted from, an outside source is marked as such with an inline citation.

Street Dance is term applied to dances that were invented by the general public in the 1970â€™s and later in (largely African-related) urban cultures. The term itself comes from the fact that the dances were made in urbanised cities. There are no rules to â€œstreet danceâ€• as improvisation and freestyle is emphasized.
