impulse to come together in shared exploration. And in their midst, something miraculous is being born. "When the group reaches a certain level of coherence, generally there's some higher level of order that comes into the room and it's very noticeable to people," explains organizational consultant Robert Kenny. "It's like something has shifted."

This version of Come Together is decent but not great. I was hoping that this version of Come Together would include the note-for-note solo that is played but it did not. After listening to the song a couple of times the solo is not hard to figure out. I wasn't very impressed by this particular piece of sheet music.
