The Solar Cooling Handbook is available directly from Ambra, from online retailers like Amazon and many local bookshops. See also the handbook's Table of Contents.

## **Completely revised Solar Cooling Handbook published**

The completely revised "Handbook of Coaching" does just this. It really bears little resemblance to original volume, except perhaps in spirit. Whereas the original guide focused primarily on making practitioners aware of resources (appropriate for a field just starting out), Pam McLean's new version focuses on synthesis and challenge to excellence.
