Defining Technological Innovation technology into the meaning of innovation, and defining the term 'Technological Innovation', the following changes to the above occur: â€¢ Generate or realise a new idea, based on technology, capability or knowledge (Invention) â€¢ Develop this into a reality or product (realisation)

**DEFINING TECHNOLOGICAL INNOVATION - UPSpace**

Companies that make the most of open innovation are highly disciplined in their own use of technology, and in their process innovation. They communicate frequently and use consistent processes, backed up with simple, flexible IT tools, to track new ideas, select the best ideas, manage the development stage, and link R&D with other functions such as marketing and manufacturing.

Paths of Innovation: Technological Change in 20th Century America, by David Mowery and Nathan Rosenberg, is a slender volume that is generally well-constructed and well-reasoned. For those not yet exposed to the rich arena of research on innovation and growth, this book might be a suitable and productive starting point.
