

portrait of an artist pdf

A portrait is a painting, photograph, sculpture, or other artistic representation of a person, in which the face and its expression is predominant. The intent is to display the likeness, personality, and even the mood of the person. For this reason, in photography a portrait is generally not a snapshot, but a composed image of a person in a still position.

Portrait - Wikipedia

A self-portrait may be a portrait of the artist, or a portrait included in a larger work, including a group portrait. Many painters are said to have included depictions of specific individuals, including themselves, in painting figures in religious or other types of composition.
