The history of banking began with the first prototype banks which were the merchants of the world, who made grain loans to farmers and traders who carried goods between cities. This was around 2000 BC in Assyria, India and Sumeria. Later, in ancient Greece and during the Roman Empire, lenders based in temples made loans, while accepting deposits and performing the change of money.

Contiguities between history and archaeology, real or imagined, often undermine the possibility of recreating and narrating the African past. Varying perceptions of the relative contribution of each discipline underscore dramatic differences in method and theory, the data sets employed, and underlying epistemologies.
