The United States presidential election of 1964, the 45th quadrennial American presidential election, was held on Tuesday, November 3, 1964. Incumbent Democratic President Lyndon B. Johnson defeated Barry Goldwater, the Republican nominee. With 61.1% of the popular vote, Johnson won the largest share of the popular vote of any candidate since the largely uncontested 1820 election.

The United States presidential election of 1824 was the tenth quadrennial presidential election, held from Tuesday, October 26, to Thursday, December 2, 1824. In an election contested by four members of the Democratic-Republican Party, no candidate won a majority of the electoral vote, necessitating a contingent election in the House of Representatives under the provisions of the Twelfth ...
