pricing strategy setting price pdf

Pricing is the process whereby a business sets the price at which it will sell its products and services, and may be part of the business's marketing plan. In setting prices, the business will take into account the price at which it could acquire the goods, the manufacturing cost, the market place, competition, market condition, brand, and quality of product.

Few things impact revenue as much as price. And yet, the average SaaS startup spends just six hours on their pricing strategy. That's not six hours a week, or six hours a month - six hours, ever, to define, test and optimise their price. It's understandable - with such an overwhelming number of pricing models, strategies and tactics available, it's almost impossible to know where to start.
