The Principles of Scientific Management is a monograph published by Frederick Winslow Taylor. This laid out Taylor's views on principles of scientific management, or industrial era organization and decision theory. Taylor was an American manufacturing manager, mechanical engineer, and then a management consultant in his later years. The term "scientific management" refers to coordinating the ...

The Principles of Psychology is an 1890 book about psychology by William James, an American philosopher and psychologist who trained to be a physician before going into psychology. There are four methods from James' book: stream of consciousness (James' most famous psychological metaphor); emotion (later known

as the James-Lange theory); habit (human habits are constantly formed to achieve ...
