A radiant barrier is a shiny panel or flexible membrane used in construction. Although radiant barriers have no R-value, they can be used as part of a building assembly – for example, an assembly made up of a radiant barrier and an air space – to slow heat transfer.. The sale and distribution of radiant barriers has always attracted a disproportionate share of scam artists, many of whom ...

@David. Regarding your comment in the previous thread: – now throw in another possibility, that a rational, deeply despairing pilot might treat flying this way as a final challenge, – damn them all – being his frame of mind. – I –™m not qualified to comment on the psych aspects, but I believe the scenario you described has significant risk with little benefit.

Consumed. There are many things that we cannot do on our own. The most pressing is our inability to achieve salvation. Consumed explores the sacrificial nature of the priesthood and its irreplaceable role in mending our broken relationship with God. It will challenge teens to live out the common priesthood, which in turn will help them discern a particular vocation as they continue to embrace ...
