Lecture #3) Imperial Christianity: In the 4th century, Christianity went from being the faith of a persecuted and hated minority to become the official religion of the Roman Empire. This was the origin of the State Church, an official, government sponsored church. State churches can still be found in some places in Europe today.

disagreements usually have historical roots; thus, Christianity's historical development is inseparable from its doctrinal development. For this reason, the paper gives an overview of Christianity's historical development before moving into a discussion of the major Christian beliefs. As would be the case with any religious tradition,
