Elective Affinities (German: Die Wahlverwandtschaften), also translated under the title Kindred by Choice, is the third novel by Johann Wolfgang von Goethe, published in 1809. The title is taken from a scientific term once used to describe the tendency of chemical species to combine with certain substances or species in preference to others. The novel is based on the metaphor of human passions ...

Over the past decade, many OECD countries have introduced new policies to tackle excessive waiting times for elective surgery with some success. However, in the wake of the recent economic downturn and severe pressures on public budgets, waiting times may rise again, and it is important to understand which policies work. In addition, the European Union has introduced new regulations to ...

Royal elections in Poland (Polish: wolna elekcja, lit. free election) was the election of individual kings, rather than of dynasties, to the Polish throne. Based on traditions dating to the very beginning of the Polish statehood, strengthened during the Piast and Jagiellon dynasties, they reached their final form in the period of the Polish-Lithuanian Commonwealth between 1572 and 1791.
