I don't know how many times I've had the Fortune 500 presented to me as Exhibit A by those who argue that it's time to give up on a 20th-century American idea. Forget about building great companies that endure, they tell me. One technology pundit cornered me at a conference and deemed the whole premise absurd in today's world: "We live in an era when nothing can be built to last.

It's no secret that PDF software creates documents with a smaller file size than any of the large word processors on the market, even when the content is identical. Yet even though PDFs do consume less space than the alternatives, there are still cases in which you need to scale back a document created with PDF software due to the number of bytes the file takes up.
