Goals for engagement do not have to be specific to individual projects; they can also be generalized to participatory efforts throughout the institution.

Chapter 10: Evaluating Participatory Projects – The

2004 Report Executive Summary. New York University has focused its decennial Middle States Association self-study on undergraduate education. Given current national concern about the role of undergraduate education in research universities, this seemed an appropriate time for reflection on what is an essential element of our academic enterprise.

Box and Cox (1964) developed the transformation. Estimation of any Box-Cox parameters is by maximum likelihood. Box and Cox (1964) offered an example in which the data had the form of survival times but the underlying biological structure was of hazard rates, and the transformation identified this.

Glossary of research economics - econterms

There are few widely acknowledged quality standards for research practice, and few definitions of what constitutes good research. The overall aim was therefore to describe what constitutes research, and then to use this description to develop a model of research practice and to define concepts related to its quality.

Evaluating research: A multidisciplinary approach to

Media bias is the bias or perceived bias of journalists and news producers within the mass media in the selection of events and stories that are reported and how they are covered. The term "media bias" implies a pervasive or widespread bias contravening the standards of journalism, rather than the perspective of an individual journalist or article. The direction and degree of media bias in ...

Tumor cells exhibit a "self-homing" behavior, whereby cells released into the circulation can home back to the main tumor site. To take advantage of this behavior and use the cells as vehicles to deliver therapies to the main tumor site, Reinshagen et al. engineered self-targeting tumor cells. These cells were designed to secrete death receptor-targeting ligands to which they were ...
