## **OpenStax**

Sociology is the scientific study of society, patterns of social relationships, social interaction, and culture of everyday life. It is a social science that uses various methods of empirical investigation and critical analysis to develop a body of knowledge about social order, acceptance, and change or social evolution. While some sociologists conduct research that may be applied directly to ...

The Sociological Imagination 5. in the form of some larger social forces, such as the widespread media depiction of . sexuality, we are faced with a social problem.

## **NOT FOR SALE OR DISTRIBUTION Introduction to Social PART**

Sociological theories are statements of how and why particular facts about the social world are related. They range in scope from concise descriptions of a single social process to paradigms for analysis and interpretation. Some sociological theories explain aspects of the social world and enable prediction about future events, while others function as broad perspectives which guide further ...

New Criticism. A literary movement that started in the late 1920s and 1930s and originated in reaction to traditional criticism that new critics saw as largely concerned with matters extraneous to the text, e.g., with the biography or psychology of the author or the work's relationship to literary history.
