Had this novel been published twenty years later, one would have thought it was based, at least in part, on true events. The ship's name and technical specifications are eerily similar to those of the RMS Titanic, which would set out on its ill-fated maiden voyage in April 1912, some sixteen years AFTER this novel's 1896 publication date.

The Wreck of the Zephyr provides us with the opportunity to study the device of nestling one story inside another. The story that the old sailor tells the man quickly becomes the focus of the book—we almost forget how the book begins, in fact, until we are popped back out into the present day at the very end.

A Haunting Wreck In 1839, poet Henry Wadsworth Longfellow read a report of a wreck that had occurred off Norman's Reef near Gloucester, Massachusetts. According to the report, 20 bodies had washed ashore with the wreckage of a schooner (illustrated below), named the Hesperus. Longfellow's thoughts turned repeatedly to the fate of the people aboard.
